Davis Acquires Limited Classification Electrical License

ASHEBORO, NC – The City of Asheboro is happy to announce Mr. Roger Davis has successfully gained his Limited Classification Electrical License. Mr. Davis received his license on May 2, 2014.

In order to obtain and be able to sit for the Limited Classification Electrical License exam, participants must have at least four years of documented working experience. The exam has an approximate 29 percent pass rate and there are only 7,495 electricians holding an active limited electrical certification throughout the state of North Carolina

“We are very proud of Roger and what he has accomplished,” noted Jeff Cagle, Systems Maintenance Manager for the Water Resources Division for the City of Asheboro. “Gaining this level of certification certainly shows his commitment to this job and our organization,” added Cagle.

Electrical licenses come in a variety of different classifications. According to North Carolina State Board of Examiners of Electrical Contractors a Limited Classification License, is a license under which a licensee shall be permitted to engage in a single electrical contracting project of a value not in excess of forty thousand dollars (\$40,000) and on which the equipment or installation in the contract is rated at not more than 600 volts.

To learn more about the Water Resources Division through the City of Asheboro, please call (336) 626-1234, x2210 or log on to www.asheboronc.gov and click “Departments,” then, “Water Resources Division.”
